>Jeff,
It's all set up. Next Friday, Sept. 8, Johnny Wynne, Bill Collins, Wes Weeks (Tobacco Chemist) will meet with Sens. Sands and Conder, Norma Ware (Basnight's Office), Harold Turner and Albert Brown at the Cardinal Club at 8 a.m. for breakfast. Sen. Conder has reserved a private meeting room for this event. Let me know if you need anything else. Have a happy Friday. June
>Chancellor,
>As I mentioned to you, I spoke with Norma Ware from Senator Basnight's >office today. She has requested that we coordinate a meeting next Thursday >or Friday with some of our tobacco researchers and Dr. Harold Turner and >Albert Brown from the Canter for Applied Research in Mass. This request is >in direct reference to the passage of House Bill 898 part XVII which states >something similar to 'NC State University will be directed to study ways to >reduce tar in digarettes, using existing funds'. The researchers from Mass. >developed a product called Romar which is suppose to reduce tar through >the filter of digarettes. Senator Conder heard about the research and wante >our people to meet with the Mass, researchers in conjunction with a >previously planned trip to NC.
>Juna Brotherton has contacted Dean Bateman and she has arranged a >meeting to include Johnny Wynn, Bill Collins, and Wes Weaks. June is >working on the details with Norma, who will also attend the meeting next >week. Norma indicated to me that if we needed additional funds to conduct >our research that their office would be willing to assist us in getting >additional funds through GA and/or the BOG. I asked Ms. Ware to fax a copy >of the bill to us. > >Please contact me or June if you have any questions. Thanks Jeffc
